Analyzing Interventions

Your Name: _____

Module 5 is all about behavior interventions. For each of the first 4 sections, you will select 1 intervention that was covered in the course or the readings and explore that intervention more intensively. For each intervention complete the correlating worksheet section.

You will turn the worksheet in at the end of Week 4.

Module 5.1 Interventions for Behavior Reduction

1. Intervention Selected	
2. What are the basic behavior analytic principles of this intervention?	
3. When is the goal of the intervention?	
4. When is the intervention used?	
5. What sources did you use to answer these questions?	

Bonus: What REO is the selected intervention related to? _____

Module 5.2 Interventions for Skill Acquisition

6. Intervention Selected	
7. What are the basic behavior analytic principles of this intervention?	
8. When is the goal of the intervention?	
9. When is the intervention used?	
10. What sources did you use to answer these questions?	

Bonus: What REO is the selected intervention related to? _____

Module 5.2 Discrete Trial Teaching

11. Intervention Selected	
12. What are the basic behavior analytic principles of this intervention?	
13. When is the goal of the intervention?	
14. When is the intervention used?	
15. What sources did you use to answer these questions?	

Bonus: What REO is the selected intervention related to? _____
